## FLUTED TILES

Matter of Stuff Fluted Ceramic Tiles are characterized by a smooth rippled surface. Perfect to design Interior walls and bar front with sinuous flutes, multi-faceted patterns, and elegant reliefs.

These tiles add a sense of movement through the introduction of their 3D surfaces profile, playing with shadow, light, and tactility.

The tiles are produced in accordance with a hand-crafted technique which makes the material heterogeneous, both in the effects on the surface and in the dimension of the pieces.

Custom glazings, colours and effects are available. Get in touch to produce a bespoke fluted profile at [bespoke@matterofstuff.com](mailto:bespoke@matterofstuff.com)
